MINIMALIST

Our gorgeous Minimalist range is unashamedly influenced by the best of Italian style. It makes a bold statement in your home by reducing ornamentation and increasing the smooth, sleek style factor. Rich glass colours add warmth and drama, undisturbed by a subtle brushed aluminium centre strip that minimises distraction and allows the glass to take centre-stage.

Beautifully crafted with modern fixtures, the minimalist range will give your room a whole new feel and dimension.

SHAKER

The Shaker style boasts flat centre panels and square edges with minimal profiling. Often used in kitchens, Shaker design is timeless, bold and beautiful in equal measure. It's no surprise Shaker wardrobes are more popular than ever.

The distinctive design style that blends form and function effortlessly. A beautiful style that puts purpose first.

FRAMELESS

No frames, no problem. Maximise the glass frontage of your wardrobes and create striking visual style with our Frameless range. Make the most of natural light and increase the perceived space of your room with these expansive glass panels.

Remove the distractions and focus on the style with Frameless wardrobes that maximise available glass and natural light.

MILANO

Introducing our new Milano range, a beautiful collection that takes the sleek shaker style sliding doors and combines it with our stunning frameless range. They are perfect for contemporary and minimalist homes, evoking a sense of seamless style with a handle inset for convenience, that reduces usage of space and yet doesn't detract from sightlines.

The Milano is available with glass, mirror or wood panel inserts to fit all modern styles and tastes.

WARDROBE INTERIORS

All of our interiors are made bespoke to fit your storage needs, and manufactured at The Sliding Door Wardrobe Company factory and showroom on the Team Valley.

Our wardrobe interiors are made from 18mm heavy grade board, finished in a heavy duty pvc edging to give outstanding durability, with chromed steel hanger bars. Drawers come in any width from 300mm wide and any number of drawers up to eight high, with soft close function as standard. They are constructed with metal sides and 18mm bases making them extremely durable. They are then finished with a pressed MDF sculpted drawer front.

All interiors come as standard in a white textured finish without backs, side and floors, however should you require these they can be included at the design stage, simply discuss your specific requirements with your designer.
